

Maxim™ Adjustable Keyboard

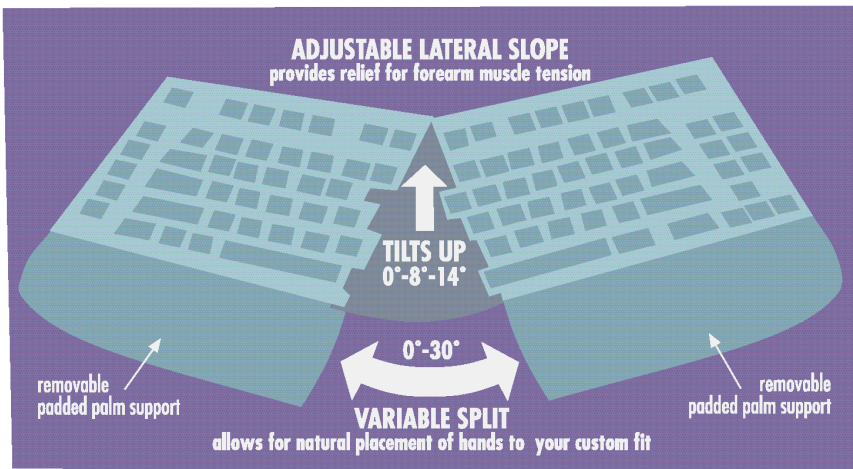

USB

The Maxim is simply the best adjustable keyboard at any price!

A More Flexible Design...

The Kinesis Maxim™ adjustable ergonomic keyboard allows users to comfortize™ keyboard geometry without needing an adaptation period to reach full productivity. Easy setup and simple adjustment minimize down time and provide for excellent comfort and performance. The Maxim is a formula for ergonomic success...

Features For Comfort

- **Variable split:** user-selectable separation angle (0 to 30 degrees) between left and right keys to straighten wrists.
- **Adjustable lateral tilt:** two “tent” settings (8, 14 degrees) offering almost twice the tilt of the Microsoft Natural keyboard. This allows users to minimize forearm muscle tension without the pitfalls of excessive tilt.
- **Removable palm supports:** with the padded supports, palms rest on the soft surface to relax the neck and shoulders. Palm supports are easily removable if desired. Comfortable, self-adhesive palm pads provided.
- **Quiet, low-force, tactile switches:** switches provide a soft touch and positive feedback.
- **Stable, flexible configuration:** instantly achieves stable, reproducible adjustments to satisfy user’s preferences. Easy transition between multiple users. Optional dedicated 10-key provides for flexible positioning.

Keyboard Details...

Maxim™ USB (KB210USB)

- USB systems, Windows, Macintosh, Sun & Linux.

Included Accessories

- Palm pads and User’s manual.

Specifications...

- Maximum key force: 1.82 oz.

Maxim Accessories

Low-Force Keypad

Great for number crunchers! **The Low-Force Numeric Keypad (AC210USB)** allows users flexibility in positioning the keypad to the right or left of the keyboard. The 2-port USB hub enables you to easily connect other input devices such as mice without having to access USB ports on your computer. Low force, tactile mechanical key switches add to both comfort and operating life.

The numeric keypad connects directly to an available USB port on your computer.

Compatibility

- Virtually all USB systems

Specifications

- 2-port 1.1 version USB hub
- Low force & tactile key switches
- Rated at 20 million operations
- 6”(L) x 3.75”(W)

Warranty and Technical Support

- Two year limited warranty for keyboards and one year for accessories.
- Technical support is free except for normal long distance charges.

Kinesis is a registered trademark and Comfortize, Maxim and Savant are trademarks of Kinesis Corporation. Windows, Mac, Sun, Smart & Easy Cat, and Evoluent are trademarks of Microsoft Corporation, Apple Computer, Inc., Sun Microsystems, Cirque, and Evoluent respectively. Kinesis keyboards should be used in accordance with established ergonomic guidelines. Because of the complex set of factors believed to contribute to computer-related injuries, Kinesis can make no warranty that its products alone prevent or cure any physical ailment.

- **Savant Elite Programmable Foot Switches (USB)** The Savant Elite relieves hand and arm strain and boosts productivity by replacing awkward reaches and reducing overuse of fingers and hands. It is available in single, double and triple action versions. Factory programmed to activate mouse clicks the Savant Elite can be reprogrammed to activate any key action. Compatible with Windows 98, ME, 2000 & XP operating systems.

- **Solution™ Platform Systems** The *Solution* platform system incorporates an elegant, ultra thin keyboard tray (26 or 30 inch tray lengths) attached to a 17 inch or 22 inch fully adjustable arm. The platform slides on a ball bearing track and stores conveniently underneath the desk when not in use. The *Solution* is compatible with both Kinesis and other ergonomic keyboards.

- **Xbrand™ Laptop Stand** The Xbrand laptop stand improves your comfort and productivity by raising the display height of your laptop to eye-level while using an external keyboard and mouse (not included). The 360° Height-Adjustable Laptop Stand offers better ergonomic positioning of your laptop. It promotes neutral postures to help reduce the head, neck, back and wrist strain commonly associated with laptop computer use. Available in two versions - with or without an integrated 4-port USB hub.

- **The Evoluent VerticalMouse™ 2** The VerticalMouse 2 has a patented shape that supports your hand in a relaxed handshake position requiring no adaptation period. The design eliminates the muscle tension created in the forearm, neck, and shoulder by other mice. Both right and left handed versions available.

- **Cirque Smart Cat Pro™, Smart Cat™ & Easy Cat™** We offer both models of the popular Cirque touchpads. Choose the one that best fits your feature and space requirements. Available for both PS/2 & USB.

- **Replacement Palm Pads (AC205PP)** Self-adhesive for easy replacement of originals when worn.
